CAREER OBJECTIVE

Motivated Computer Science graduate with strong knowledge of Python, Object-Oriented Programming, and SQL, along with hands-on project experience using Django. Skilled in developing small web applications. Seeking a Python Developer opportunity to apply my technical skills, learn from experienced professionals, and contribute effectively to a collaborative development team.

TECHNICAL SKILLS

Languages	Python (OOP, Exception Handling, File Handling, JSON, CSV, Decorators), JavaScript (DOM, Events, Promises, Async & Await)
Frontend	HTML5, CSS3, Bootstrap5
Frameworks	Django (ORM, MVT, Authentication & Authorization), Django REST Framework (Serializers, Build CRUD APIs, HTTP methods)
Database	Oracle SQL (Joins, Views, Indexes, Window Functions), PostgreSQL, MySQL, SQlite3
Tools	Git, GitHub, VS Code, SQL Plus, Docker, Postman

PROJECTS

Homomorphic Encryption Based Video in Multi-View Cloud Storage

github.com/SharifShaik173/Copyright-detection-project

Technologies: *Python, Homomorphic Encryption, Cloud Computing, Cryptography, Video Processing*

- Developed a cloud-based system for secure video storage using Homomorphic Encryption techniques.
- Implemented a mechanism to perform computations directly on encrypted video data without decryption.
- Split videos into multiple views across cloud nodes and ensured end-to-end encryption with efficient retrieval.

Student Management System

github.com/SharifShaik173/student_management_system

Technologies: *Python, Django, SQLite3, HTML, CSS, Bootstrap 5*

- Developed a Django-based student management application with CRUD operations.
- Implemented student registration, search, filtering, authentication, and course management.
- Used Django models, forms, templates, views, and database operations.

INTERNSHIPS & TRAINING

Python Fullstack Trainee | QSpiders — *March 2026 – September 2026*

- Learning Python fullstack development covering both frontend and backend technologies.
- Hands-on training in Django, REST APIs, and Oracle SQL database management.
- Building complete web applications from scratch with real-world projects.

Python Intern | Elevate — *July 2024 – August 2024*

- Completed hands-on Python training covering data types, control structures, and functions.
- Worked on real-world projects including backend scripting, file handling, and automation.
- Gained exposure to APIs and Python coding best practices.

Web Development Trainee | EduSkills Academy — *Completed May 2025*

- Gained practical knowledge of HTML, CSS, and responsive web design.
- Built static web pages following industry best practices and standards.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering — *2022 – 2026 | CGPA: 7.3*
Eluru College of Engineering and Technology

Senior Secondary (XII) Sri Chaitanya Junior College — *2020 – 2022 83%*

Secondary (X) Daniel Memorial English Medium High School — *2020 | 98%*

CERTIFICATIONS

- Python Programming Fundamentals – Aajhub (December 2025)
- HTML Essential Training – LinkedIn Learning (Professional Certificate)
- CSS Essential Training – LinkedIn Learning (Professional Certificate)
- JavaScript Foundations – Mozilla (Professional Certificate)
